¹Interest is calculated daily on the closing overdrawn balance and charged monthly. Each month you will deposit an amount that will cover the monthly overdrawn interest. ²Inactive account notices will be sent at two, five and nine years of inactivity. If inactive notice is acknowledged within 60 days, there is no charge. If the balance of the dormant account is less than the fee to be collected, the charges correspond to the remaining balance.

All fees are subject to applicable federal and provincial taxes when applicable and may change without prior notice. Laurentian Bank of Canada does not provide investment advice to individuals or advisors.
